

CAUTION: This unit dispenses boiling water – take care!

INSTRUCTIONS:-

1. Please do not move or reposition unit + leave all switches on and water switched on.
2. To START touch the touch screen display above the 'Lincat' logo, the screen will light up. Touch the power on button  and then select 'On'.
3. Wait for water to heat takes 25 to 30mins from cold.
4. When the display shows 'READY' water may be drawn from tap.
5. To SHUTDOWN if the screen is dark touch it once so that it goes back to the 'READY' screen. From the 'READY' screen touch the power on button and then select 'Off' – unit will now shutdown.
6. At end of use pull drip tray forwards, empty and replace.
